Spc. Sydney Davis was born and raised in Colorado, and sports have always held an important place in her life. In high school, she participated in shot put and discus and was a member of the basketball team. She joined the Army at the age of 17 as a 68K (Medical Laboratory Specialist).

Spc. Davis encourages others to strive to be the best they can be. "Pick up a hobby and get good at it. If you are good, get better. If you are the best, don't let anyone take that away from you. And how do you do that? Never stop training, practicing, and never give up on yourself."
